

Voice Gear Power Voice Mate

Voice Gear 

Introducing the Voice Gear Power Voice Mate that meets highest of Skype's quality requirements. The phone is a proven Skype solution that has earned Skype Certification.

The dot-matrix graphic LCD display with backlight allows any language to be displayed. Simply plug this phone into your computer's USB port and you can instantly review your Skype contacts and make/receive Skype calls using the handset. Skype contacts are displayed within the LCD screen with their current online status. Power Voice Mate rings for all incoming calls and allows to dial Skype contacts as well as SkypeOut numbers.

Features

- Unlimited long distance calling in North America with a SkypeOut plan
- Large dot-matrix graphic LCD with backlight and multi-language support
- Phone rings for all incoming calls with user-selectable ring styles
- Caller ID function support for incoming calls
- Easy to review Skype contacts and call lists right on the phone
- Echo cancellation, noise reduction, full duplex communication
